

Learn to Keep Bees! Beekeeping Classes 2015

Cost: **\$50**, additional family members \$25 each.

Beginners Class repeats on Jan 31, Feb 28, March 28, April 11, and May 2, 2015

For those with no experience at all in beekeeping, we will touch on everything you need to know for your first year:

- Elementary bee biology
- What to do about swarming
- What about the neighbors? - Splitting a hive, or moving it
- Equipment and protective gear
- Pests and diseases
- Installing your first package - Harvesting your Honey with Tips on Selling
- Inspecting your hive
- Preparing for winter

This is a lecture style class with props galore! Handle everything in sight, taste some pollen, sample honeys. Plenty of time for questions.

Second Step Class will be held on March 21, 2015

For those who have already kept bees one year, and now find themselves with many additional questions, and a feeling there is more to know, we will cover the following topics and more as requested by you:

- Bee Behavior
- Splitting Hives/Making Increase
- Equipment beyond the basics
- Swarm Capture
- Inspecting
- Pests and Disease Treatment
- Queens
- Preparing for winter

Registration includes:
